

NWPA Minutes 11/03/10

NWPA Members Present: Paula Ball, Janice Carson, Denick Herrin, Marc Hirshler, Gail Middendorf, Barbara Packer.

Treasurer's Report-

Money continues to come in from membership dues.

Committees

Zoning – Dave Toomey

-There was a recent community meeting between Eastern University and neighbors. There was not a lot of news but Eastern confirmed that they are building a performance arts center and dormitory on the VFMA property.

-The Township is most likely going to outsource refuse collection given their current financial situation.

Activities

-Tree lighting will have refreshments and sweets. The committee is connecting with Jay Junior for lights and coordinating with Patrick Harper.

Newsletter

-Needs more info from committees.

-The Radnor Historical Society historic home application will be in the next newsletter.

Membership

-We are behind by 100 memberships compared to last year.

-There will be an email reminder, then a personal call to last year's members who have not sent in their dues.

Village Improvement

-Station lighting-SEPTA was polite, but they are not going to change the lighting at the station. It is too costly and the lights are already to code.

Welcoming

-Carla Vastine welcomed the Shauds at 201 N. Wayne Ave. and The Girods at 109 Plant Ave.

-There has been a recent house sale.

Old and New Business

-Luminary packing will be at next month's meeting on December 8th. Mark is working on the best price for luminaries and bags. He is approaching Do It Best and then will search the internet.

-Ted Pollard needs help on November 11th to move the newspaper archives.

Respectfully submitted,

Denick Herrin
NWPA Secretary
